

FREE APPRENTICESHIP LIVE BROADCASTS

From September 2017, schools in England will be able to access the very latest apprenticeship information through our live broadcasts – completely free of charge!

WHAT IS A LIVE BROADCAST?

A truly engaging and interactive experience for your students and staff. You will be able to speak directly to apprenticeship employers and their apprentices live via the internet and hear about the latest opportunities, the skills employers are looking for, the recruitment process and how students can best prepare themselves for working life after school or college.

HOW DOES IT WORK?

You will log onto the link provided that will then stream our apprenticeship broadcast directly to the device that you are using – whether individual PCs or tablets, an interactive whiteboard in a classroom or a projector in an assembly setting. We will send you a schedule of dates and speakers each term so that you can plan in those that are of most interest to your students. We will feature some of the top apprenticeship employers and their apprentices so that your students can see first-hand what it's like to be an apprentice. You will also have the opportunity for live Q&A with our expert panel so that all of your questions can be answered.

HOW LONG IS A BROADCAST?

A live broadcast lasts for about 15 minutes – think of it like a flash assembly.

WILL I GET ANY IT SUPPORT?

Yes, our IT team will be able to provide technical support to your school/college beforehand so that everything runs smoothly.
